EDUCATION

RASHTRASANT TUKADOJI MAHARAJA NAGPUR UNIVERSITY

Nagpur, India

Dhote Bandhu Science College, Gondia

Bachelor of Computer Applications

Graduated: May 2026

PROFESSIONAL SUMMARY

Computer Science graduate with a strong foundation in HTML, CSS, JavaScript, C, C++, and basic SQL. Currently learning React.js and modern web development practices. Familiar with Git, GitHub, VS Code, and basic frontend development concepts. Highly motivated to build real-world projects, improve coding skills, and grow as a Full Stack Developer in an entry-level role.

WORK EXPERIENCE

CodSoft

Kolkata, West Bengal

Web Development Intern (Remote)

Aug 1, 2025 – Aug 31, 2025

- Completed assigned web development tasks within defined timelines using HTML, CSS, and JavaScript as part of a remote, task-based internship program.
- Developed responsive web pages using HTML5 and CSS3, and implemented basic JavaScript functionality to add interactivity as per task requirements.

PROJECTS

Calculator – HTML5, CSS3, JavaScript

- Developed a functional calculator application using HTML, CSS, and JavaScript, implementing arithmetic operations, button-based user input handling, and client-side logic through JavaScript event handling.
- Utilized JavaScript DOM manipulation to dynamically capture input values and display calculation results accurately while maintaining clean structure and styling with HTML and CSS.

Personal Portfolio – HTML5, CSS3

- Built a single-page portfolio website using HTML5 and CSS3 to showcase skills, project work, and resume information.
- Added clickable links for GitHub and contact details, ensuring clear navigation and responsive page layout.

Amazon Clone – HTML5, CSS3

- Developed a frontend Amazon homepage clone using HTML5 and CSS3, recreating the header section, navigation bar, product display rows, and footer layout.
- Used CSS for page structuring, spacing, and responsive layout, and integrated Font Awesome icons for visual elements in the header and navigation area.
